CIN NO. L74999HR2002PLC034805

- 1) The above standalone financial results for the quarter ended on September 30, 2020 have been reviewed by the Audit Committee and subsequently approved by the Board of Directors at their Board Meeting held on November 10, 2020 in terms of Provisions of Regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The statutory auditors have issued a disclaimer of opinion in respect of the matters described in note 3, 8, 9 and note 10 in standalone financial results for the quarter ended September 30, 2020.

Basic and Diluted Earnings Per Share is not annualized for the quarters ended September 30, 2020, June 30, 2020 and September 30, 2019 and six month ended September 30, 2020 and September 30, 2019.

The standalone financial results have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 – Interim Financial Reporting, notified under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules 2015, as amended from time to time, and other accounting principles generally accepted in India.

- 2) The auditors in their review report have drawn attention to the following matters:
- a. The management has performed an impairment assessment of three cogeneration power plant set up in collaboration with certain sugar mills on build, own, operate and transfer (BOOT) basis for a period of 15 years. As at September 30, 2020, such plants have a power generation capacity of 15 MW each.

The Company has entered into arbitration proceedings with the sugar mills for the extension of the concession period. Further, the Company has filed a writ petition in the Hon'ble High court of Punjab and Haryana for approval for conversion of power plants to waste to energy (RDF) based power plants and relocation of such power plants adjacent to RDF based facilities. During the previous year, certain disputes arose with sugar mills in respect of cogeneration power plants accordingly the management of the Company decided to shift these power plants to other locations for which writ petition has already been filed. Accordingly, the management carried out an impairment assessment and has recorded an impairment of Rs. 29,536.28 lakhs in carrying value of these assets as at September 30, 2020. The management believes that the recoverable amount of these power plants are reasonable and no further material adjustments to the carrying value of these plants are necessary.

Out of the aforementioned impairment as at September 30, 2020 Rs. 22,413.72 lakhs pertain to, two power plants, which were yet to be capitalised and Rs. 7,122.56 lakhs are for power plant which has already been capitalised.

The recoverable amount of cogeneration power plants classified under property, plant and equipment and capital work-in-progress aggregates to Rs. 2,403.53 lakhs and Rs. 4,374.29 lakhs respectively as at September 30, 2020. The recoverable amount of all three cogeneration power plants is based on asset approach and determined at the level of the Cash Generating Unit (CGU).

- b. The Income tax authorities conducted a search and survey at certain premises of the Company under section 132 and 133 of the Income Tax Act, 1961 in April 2012. During the year ended March 31, 2015, the Company received the assessment orders for the assessment years 2009-10 to 2013-14 from the Deputy Commissioner of Income Tax (DCIT) demanding additional tax liability of Rs. 1,992.17 lakhs. During the year ended March 31, 2015 the Company had filed appeals with Commissioner of Income Tax (CIT) (Appeals) challenging these orders against which the said authority had granted partial relief to the Company. The Company has further filed appeals with Income Tax Appellate Tribunal (ITAT) challenging the orders for these assessment years in respect of the matters, where the CIT(A) has not accepted the Company's contention. Additionally, the DCIT has also filed appeals with the ITAT against the matters where the relief has been given to the Company.

Further, during the year ended March 31, 2018, the Company had received penalty orders for the Assessment year 2009-10 to 2013-14 from DCIT and for the Assessment year 2008-09 from CIT demanding additional tax liability of Rs. 1,277.64 lakhs against which the CIT (Appeals) had not granted relief to the Company.

During the year ended March 31, 2019, the Company has received orders from CIT (Appeals) quashing the penalty orders aggregating Rs. 477.71 lakhs out of the aforementioned and upholding the rest. The Company has filed appeals with the ITAT challenging the penalty orders for these assessment years in respect of the matters where the CIT(A) has not accepted the Company's contention.

Based on their assessment and upon consideration of advice from the independent legal counsel, the management believes that the Company has reasonable chances of succeeding before the ITAT and does not foresee any material liability. Pending the final decision on the matter, no further adjustment has been made in the standalone financial results.

- c. During the financial year ended March 31, 2017, the Company based on the legal advice filed an application for advance ruling with the Advance Ruling Authorities ("the Authority") regarding applicability of service tax in respect of one of the projects undertaken by them. During the year

ended March 31, 2018, the Company received response to its application wherein the Authority opined that entire project is covered within the ambit of the service tax. Accordingly, the Company has recognized the service tax liability and based on the contractual terms which stipulates that any taxes shall be borne by the customer, has also recognized amount recoverable from customer of an equivalent amount. Further, the management believes that the interest, if any, on the delayed deposit of the aforementioned service tax liability is currently unascertainable and shall be reimbursed by the customer. The Company has made submissions with the customer in this regard. Additionally, based on the independent legal advice, the Company believes that the input tax credit in respect of the aforementioned project shall be adjustable against the liability considering the entire project has now been clarified to be covered under the service tax ambit. Accordingly, no further adjustments to the books of account are considered necessary.

- 3) The Company, as at September 30, 2020, has non-current investments (net of impairment) amounting to Rs. 21,417.21 lakhs, other current financial assets (net of impairment) amounting to Rs. 423.74 lakhs and current financial assets-loan amounting to Rs. 419.28 lakhs in its associate company A2Z Green Waste Management Limited ('AGWML') which has holding in various SPVs under its fold (hereinafter A2Z Green Waste Management Limited together with its subsidiaries is referred to as A2Z Green Waste Management Group). While A2Z Green Waste Management Group has incurred losses during its initial years and consolidated net-worth as at September 30, 2020 has been completely eroded, the underlying projects are expected to achieve adequate profitability on substantial completion. Based on internal assessment and valuation report from an independent valuer, the recoverable amount from the underlying investments/assets is higher than the net worth of A2Z Green Waste Management Group. There are assumptions and estimates used in such future projections such as discount rate, long term growth rate, arbitration claims etc. which management believes are appropriate. Therefore, the management believes that the realisable amount from the aforementioned associate company and its subsidiaries is higher than the carrying value of the non-current investments (net of impairment), other current financial assets (net of impairment) and current financial assets-loans due to which these are considered as good and recoverable.

8) The loan accounts of the Company have been classified as non-performing assets by certain banks and they have not charged interest on the said accounts and also the Company has not charged interest on borrowings from certain banks/ asset reconstruction company which had entered into Settlement agreement(s), therefore provision for interest has not been made in the books of accounts and to that extent interest costs and loan liabilities have been understated. The extent of exact amount is under determination and reconciliation with the bank, however as per the details available, the amount of unaccrued interest, on approximate basis, on the said loans (other than the borrowings of few banks which are regular) amounts to Rs. 790.01 lakhs, Rs 1,476.03 lakhs and Rs. 4,062.47 lakhs for the quarter ended September 30, 2020, six months ended September 30, 2020 and as at September 30, 2020 respectively (Rs. 686.11 lakhs, Rs. 173.10 lakhs, Rs 335.79 lakhs and Rs. 1,809.46 lakhs for the quarter ended June 30, 2020, September 30, 2019, six months ended September 30, 2019 and year ended March 31, 2020, respectively). The Company is already in discussion with the said banks and asset reconstruction company for settlement of their dues.

9) The Company had entered into Settlement agreement(s) ('Agreements') with certain banks/assets reconstruction company ('the Lenders') during the years/period ended March 31, 2018, March 31, 2019 and June 30, 2019 wherein it had settled the outstanding borrowings by issue of equity shares, upfront payments and deferred instalments. As at September 30, 2020, the Company has delayed payments in respect of the certain deferred instalments amounting Rs 13,460.13 lakhs which were due and payable pursuant to these Agreements. So far, the Lenders have not given any written notice on event of default as per the agreements and the management is in discussions with the Lenders to condone the aforementioned delays.

Further, certain Lenders have filed an application with Debt Recovery Tribunal and other judicial authorities for recovery of its dues as they existed prior to the settlement agreement entered with it in earlier period. However, basis the agreed terms/discussions, management believes that no additional liability shall devolve on the Company in addition to the carrying value of such liability as at September 30, 2020. The Company is in the process of negotiations/ reconciliations of its outstanding obligations carried in these standalone financial results.

Pursuant to the above discussions with the lenders, management is confident that no material impact will devolve on the Company in respect of aforementioned delays.

- 10) The Company has incurred a loss for the period of Rs. 2,436.58 lakhs for the six months ended September 30, 2020 and accumulated losses amounting Rs. 74,911.67 lakhs as at September 30, 2020 and is presently facing acute liquidity problems on account of delayed realization of trade receivables coupled with delays in commencement of commercial production at its biomass-based power generation plants. Also, one of the bank and four other parties have filed an application with the National Company Law Tribunal (NCLT) for recovery of its dues amounting to Rs. 650.00 lakhs and Rs. 756.96 lakhs respectively. The matters have not been admitted yet with the NCLT and the management is in discussion with the said lender and parties for amicably settling the matters. Further, during the previous year, because of delays in required extension of performance security, one of the customers has invoked the bank guarantee submitted by the Company amounting to Rs. 6,500.00 lakhs and converted into cash security as a fixed deposit and used it as security margin for providing a limit of Letter of Credit to facilitate timely payments to vendors for ensuring early completion of the project. The Company has also delayed in repayments due to certain lenders as further detailed in note 8. Conditions explained above, indicate existence of uncertainties that may cast significant doubt on the Company's ability to continue as a going concern due to which the Company may not be able to realise its assets and discharge its liabilities in the normal course of business. However, the management is evaluating various options and has entered into one-time settlement agreements with various lenders (as described in note 9), including interest and other related terms and conditions apart from further negotiating the terms with the remaining lenders for settlement of its existing debt obligations. Further the management is in discussions with certain customers for an immediate recovery of the amount due from them and believes that the substantial portion of such trade receivables shall be realized within the upcoming year. Management believes that the Company will be able to settle its remaining debts in the due course and in view of the proposed settlement of debt obligations together with the expected increased realisation from the trade receivables, a new facility from a lender and expected start of commercial production of the biomass-based power generation plants, no adjustments are required in the standalone financial result and accordingly, these have been prepared on a going concern basis.
- 11) As a result of the nationwide lockdown imposed by the Government of India due to outbreak of COVID-19 pandemic, the business operations of the Company were temporarily disrupted for most part of the previous quarter. Since then, the operations have been gradually resuming in line with the Government of India directives issued in this regard. The management has considered the possible effects that may result from the pandemic on the liquidity position, recoverability/carrying value of its trade receivables, business and other advances and investments as at September 30, 2020. The impact of COVID-19 on the Company's standalone financial results in future may differ from that estimated as at the date of approval of these standalone financial results.
- 12) Previous period figures have been re-grouped/reclassified wherever necessary to correspond with those of the current period's classification.

Basis for Disclaimer of Conclusion

4. a) As stated in note 10 to the accompanying Statement, the Company has incurred a net loss after tax Rs. 1,410 lakhs and Rs. 2,436.58 lakhs during the quarter ended 30 September 2020 and period ended 30 September 2020 respectively and as of that date, the Company's accumulated losses amount to Rs. 74,911.67 lakhs, which have resulted in partial erosion of its net worth, and the current liabilities exceed current assets by Rs. 7,433.11 lakhs. Also, certain lenders have filed applications with the National Company Law Tribunal (NCLT), Debt Recovery Tribunal (DRT) and other courts for recovery of their dues as detailed in note 9 and 10. The Company has also delayed in repayment of borrowings and payment of dues payable to other lenders including delays with respect to dues payable under one-time settlement agreements, as further detailed in note 9. As confirmed by the management, the Company has been in discussions with the lenders regarding restructuring of these borrowings, the resolution for which is yet to be finalised. Further, the expected realisation of the amounts outstanding from certain customers, within the next 12 months, with whom the Company is in discussions is uncertain in the absence of any confirmations from such customers and potential impact of COVID-19. Such events and conditions, together with the business disruption caused by COVID-19 pandemic and the possible impact of the associated uncertainties on management's assumptions, as further described in note 11, and other matters as set forth in the note 10, cast significant doubt on the Company's ability to continue as a going concern. In the absence of sufficient appropriate audit evidence to support the management's assessment with respect to restructuring of borrowings and availability of funds, we are unable to comment on the ability of the Company to continue as a going concern. Our report on the standalone financial results for the quarter ended 30 June 2020 and year ended 31 March 2020 also included a disclaimer of opinion in respect of this matter.

b) As stated in note 8 and 9 to the accompanying Statement, the Company has borrowings from certain banks which have been classified as non-performing assets ("NPA borrowings") and those from certain other banks/ asset reconstruction company (together referred to as 'the Lenders'). The Company had entered into settlement agreements ("Settlement Agreements") with some of these Lenders for the aforesaid loans. As described in the said note, the Company has delayed payments in respect of the instalments due to these Lenders pursuant to the relevant loan agreements and Settlement Agreements. In respect of the aforementioned NPA borrowings and delayed payments under the Settlement Agreements, the Company has not recognised interest for the quarter and period ended 30 September 2020 aggregating to Rs. 790.01 lakhs and Rs. 1,476.03 lakhs respectively (accumulated interest as at 30 September 2020 being Rs. 4,062.47 lakhs), payable under the terms of the said agreements, as estimated by the management on the basis of expected re-negotiation with the Lenders.

Pending confirmations/ reconciliations from the Lenders and in the absence of sufficient appropriate evidence to substantiate management's assessment, we are unable to comment on the adjustments, if any, that may be required to the carrying values of the aforesaid borrowings and dues (including interest) payable to the Lenders in accordance with the terms of loan agreements and Settlement Agreement, and the consequential impact of such adjustments on the accompanying Statement. Our conclusion on the standalone financial results for the quarter and period ended 30 September 2019 was qualified and our report on the standalone financial results for the quarter ended 30 June 2020 and year ended 31 March 2020 also included a disclaimer of opinion in respect of this matter.

c) As stated in note 3 to the accompanying statement, the Company's non-current investment (net of impairment) in its associate company namely A2Z Green Waste Management Limited ("GWM") and its other current financial assets (net of impairment) and its current financial assets-loan which include amounts dues from such associate company as on 30 September 2020, aggregate to Rs. 21,417.21 lakhs, Rs. 423.74 lakhs and Rs. 419.28 lakhs, respectively. The consolidated net worth of the aforesaid associate company as on that date has been fully eroded on account of losses incurred. Further, the associate company is facing liquidity constraints due to which it may not be able to meet the projections as per the approved business plans. Based upon the valuation report of an independent valuer, arbitration awarded in favor of GWM and other factors described in the aforementioned note, management has considered such balances as fully recoverable. However, in the absence of sufficient and appropriate audit evidence to support the management's assessment

as above, we are unable to comment upon adjustments, if any, that may be required to the carrying value of these balances, and the consequential impact on the accompanying Statement. Our report on the standalone financial results for the quarter ended 30 June 2020 and for the year ended 31 March 2020 also included a disclaimer of opinion in respect of this matter.

Disclaimer of Conclusion

5. Because of the significance of the matters described in the Basis for Disclaimer of Conclusion paragraph, we have not been able to obtain sufficient appropriate evidence to provide a basis for our conclusion as to whether anything has come to our attention that causes us to believe that the accompanying Statement prepared in accordance with the recognition and measurement principles laid down in Ind AS 34 prescribed under Section 133 of the Act, and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), including the manner in which it is to be disclosed, or that it contains any material misstatement. Accordingly, we do not express our conclusion on the Statement.

Emphasis of Matters

6. We draw attention to:
 - i) Note 2(a) to the accompanying Statement, which describes the significant estimates and assumptions used by the management for determining recoverable amount of cogeneration power plants classified under property, plant and equipment and capital work-in-progress aggregating to Rs. 2,403.53 lakhs and Rs. 4,374.29 lakhs respectively as at 30 September 2020, with respect to the impairment assessment in accordance with the requirements of Ind AS 36, "Impairment of Assets". Basis such valuation, the management believes that no further adjustment is required to the carrying value of the aforesaid cogeneration power plants.
 - ii) Note 2(b) to the accompanying Statement, which describes the uncertainty relating to the outcome of litigation pertaining to income-tax matters pursuant to orders received by the Company against which management and the assessing authorities have filed appeals with relevant Income-tax Authorities. The final outcome of these matters is presently unascertainable.
 - iii) Note 2(c) to the accompanying Statement, which describes the uncertainty relating to utilisation of input tax credit and levy of interest on service tax. Based on the terms of the contract with the customers/vendors and independent legal opinion, management believes that these amounts are recoverable from the customer including interest thereon and that the Company will be able to avail the input tax credit for aforementioned matter.

Notes:

- The above consolidated financial results for the quarter ended on September 30, 2020 have been reviewed by the Audit Committee and subsequently approved by the Board of Directors at their Board Meeting held on November 10, 2020 in terms of Provisions of Regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The statutory auditors have issued a disclaimer of opinion in respect of the matters described in note 3, 8, 9 and note 10 in consolidated financial results for the quarter ended September 30, 2020.

Basic and diluted earnings per share is not annualized for the quarters ended September 30, 2020, June 30, 2020 and September 30, 2019 and six months ended September 30, 2020 and September 30, 2019.

The consolidated financial results have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 – Interim Financial Reporting, notified under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules 2015, as amended from time to time, and other accounting principles generally accepted in India.

- The auditors in their audit report have drawn attention to the following matters:
 - The management has performed an impairment assessment of three cogeneration power plants set up in collaboration with certain sugar mills on Build, Own, Operate and Transfer (BOOT) basis for a period of 15 years. As at September 30, 2020, such plants have a power-generation capacity of 15 MW each.

The Holding Company has entered into arbitration proceedings with the sugar mills for the extension of the concession period. Further, the Holding Company has filed a writ petition in the Hon'ble High court of Punjab and Haryana for approval for conversion of power plants to waste to energy (RDF) based power plants and relocation of such power plants adjacent to RDF based facilities. During the previous year, certain disputes arose with sugar mills in respect of cogeneration power plants accordingly the management of the Holding Company decided to shift these power plants to other locations for which writ petition has already been filed. Accordingly, the management carried out an impairment assessment and has recorded an impairment of Rs. 29,536.28 lakhs in carrying value of these assets as at September 30, 2020. The management believes that the recoverable amount of these power plants are reasonable and no further material adjustments to the carrying value of these plants are necessary.

Out of the aforementioned impairment as at September 30, 2020 Rs. 22,413.72 lakhs pertain to, two power plants, which were yet to be capitalised and Rs. 7,122.56 lakhs are for power plant which has already been capitalised.

The recoverable amount of cogeneration power plants classified under property, plant and equipment and capital work-in-progress aggregates to Rs. 2,403.53 lakhs and Rs. 4,374.29 lakhs respectively as at June 30, 2020. The recoverable amount of all three cogeneration power plants is based on asset approach and determined at the level of the Cash Generating Unit (CGU).

- b. The Income tax authorities conducted a search and survey at certain premises of the Holding Company under section 132 and 133 of the Income Tax Act, 1961 in April 2012. During the year ended March 31, 2015, the Holding Company received the assessment orders for the assessment years 2009-10 to 2013-14 from the Deputy Commissioner of Income Tax (DCIT) demanding additional tax liability of Rs. 1,992.17 lakhs. During the year ended March 31, 2015 the Holding Company had filed appeals with Commissioner of Income Tax (CIT) (Appeals) challenging these orders against which the said authority had granted partial relief to the Holding Company. The Holding Company has further filed appeals with Income Tax Appellate Tribunal (ITAT) challenging the orders for these assessment years in respect of the matters, where the CIT(A) has not accepted the Holding Company's contention. Additionally, the DCIT has also filed appeals with the ITAT against the matters where the relief has been given to the Holding Company.

Further, during the year ended March 31, 2018, the Holding Company had received penalty orders for the Assessment year 2009-10 to 2013-14 from DCIT and for the Assessment year 2008-09 from CIT demanding additional tax liability of Rs. 1,277.64 lakhs against which the CIT (Appeals) had not granted relief to the Holding Company.

During the year ended March 31, 2019, the Holding Company has received orders from CIT (Appeals) quashing the penalty orders aggregating Rs. 477.71 lakhs out of the aforementioned and upholding the rest. The Holding Company has filed appeals with the ITAT challenging the penalty orders for these assessment years in respect of the matters where the CIT(A) has not accepted the Holding Company's contention.

Based on their assessment and upon consideration of advice from the independent legal counsel, the management believes that the Holding Company has reasonable chances of succeeding before the ITAT and does not foresee any material liability. Pending the final decision on the matter, no further adjustment has been made in the consolidated financial results.

- c. During the financial year ended March 31, 2017, the Holding Company based on the legal advice filed an application for advance ruling with the Advance Ruling Authorities ('the Authority') regarding applicability of service tax in respect of one of the projects undertaken by them. During the year ended March 31, 2018, the Holding Company received response to its application wherein the Authority opined that entire project is covered within the ambit of the service tax. Accordingly, the Holding Company has recognized the service tax liability and based on the contractual terms which stipulates that any taxes shall be borne by the customer, has also recognized amount recoverable from customer of an equivalent amount. Further, the management believes that the interest, if any, on the delayed deposit of the aforementioned service tax liability is currently unascertainable and shall be reimbursed by the customer. The Holding Company has made submissions with the customer in this regard. Additionally, based on the independent legal advice, the Holding Company believes that the input tax credit in respect of the aforementioned project shall be adjustable against the liability considering the entire project has now been clarified to be covered under the service tax ambit. Accordingly, no further adjustments to the books of account are considered necessary.
- 3) The Holding Company, as at September 30, 2020, has non-current investments (net of impairment) amounting to Rs. 21,417.21 lakhs, other current financial assets (net of impairment) amounting to Rs. 423.74 lakhs and current financial assets-loan amounting to Rs. 419.28 lakh in its associate company A2Z Green Waste Management Limited ('AGWML') which has holding in various SPVs under its fold (hereinafter A2Z Green Waste Management Limited together with its subsidiaries is referred to as A2Z Green Waste Management Group). While A2Z Green Waste Management Group has incurred losses during its initial years and consolidated net-worth as at September 30, 2020 has been completely eroded, the underlying projects are expected to achieve adequate profitability on substantial completion. Based on internal assessment and valuation report from an independent valuer, the recoverable amount from the underlying investments/assets is higher than the net worth of A2Z Green Waste Management Group. There are assumptions and estimates used in such future projections such as discount rate, long term growth rate, arbitration claims etc. which management believes are appropriate. Therefore, the management believes that the realisable amount from the aforementioned associate company and its subsidiaries is higher than the carrying value of the non-current investments (net of impairment), other current financial assets (net of impairment) and current financial assets-loans due to which these are considered as good and recoverable.

- 8) The loan accounts of the Holding Company have been classified as non-performing assets by certain banks and they have not charged interest on the said accounts and also the Holding Company has not charged interest on borrowings from certain banks/asset reconstruction company which had entered into Settlement agreement(s), therefore provision for interest has not been made in the books of accounts and to that extent interest costs and loan liabilities have been understated. The extent of exact amount is under determination and reconciliation with the bank, however as per the details available, the amount of unaccrued interest, on approximate basis, on the said loans (other than the borrowings of few banks which are regular) amounts to Rs 790.01 lakhs, Rs. 1,476.03 lakhs and Rs. 4,062.47 lakhs for the quarter ended September 30, 2020, six months ended September 30, 2020 and as at September 30, 2020 (Rs. 686.11 lakhs, Rs. 173.10 lakhs, Rs 335.79 lakhs and Rs. 1,809.46 lakhs for the quarter ended June 30, 2020, September 30, 2019, six months ended September 30, 2019 and year ended March 31, 2020, respectively). The Holding Company is already in discussion with the said banks and Asset Reconstruction company for settlement of their dues.

- 9) The Holding Company had entered into Settlement agreement(s) ('Agreements') with certain banks/assets reconstruction company (the Lenders') during the years/period ended March 31, 2018, March 31, 2019 and June 30, 2019 wherein it had settled the outstanding borrowings by issue of equity shares, upfront payments and deferred installments. As at September 30, 2020, the Holding Company has delayed payments in respect of the certain deferred installments amounting Rs 13,460.13 lakhs which were due and payable pursuant to these Agreements. So far, the lenders have not given any written notice on event of default as per the agreements and the management is in discussions with the Lenders to condone the aforementioned delays.

Further, certain lenders have filed an application with Debt Recovery Tribunal and other judicial authorities for recovery of its dues as they existed prior to the settlement agreement entered with it in earlier period. However, basis the agreed terms/discussions, management believes that the no additional liability shall devolve on the Holding Company in addition to the carrying value of such liability as at September 30, 2020.

The Holding Company is in the process of negotiations/ reconciliations of its outstanding obligations earned in these consolidated financial results.

Pursuant to the above discussions with the lenders, management is confident that no material impact will devolve on the Holding Company in respect of aforementioned delays.

- 10) The Holding Company has incurred a loss for the period of Rs. 2,436.58 lakhs for six months ended September 30, 2020 and accumulated losses amounting Rs 74,911.67 lakhs as at September 30, 2020 and is presently facing acute liquidity problems on account of delayed realization of trade receivables coupled with delays in commencement of commercial production at its waste to energy power generation plants. Also, one of the bank and four other parties have filed an application with the National Company Law Tribunal (NCLT) for recovery of its dues amounting to Rs. 650.00 lakhs and Rs. 756.96 lakhs respectively. The matters have not been admitted yet with the NCLT and the management is in discussion with the said lender and parties for amicably settling the matters. Further, during the previous year, because of delays in required extension of performance security, one of the customers has invoked the bank guarantee submitted by the Holding Company amounting to Rs. 6,500.00 lakhs and converted into cash security as a fixed deposit and used it as security margin for providing a limit of Letter of Credit to facilitate timely payments to vendors for ensuring early completion of the project. The Holding Company has also delayed in repayments due to certain lenders as further detailed in note 9. Conditions explained above, indicate existence of uncertainties that may cast significant doubt on the Holding Company's ability to continue as a going concern due to which the Holding Company may not be able to realise its assets and discharge its liabilities in the normal course of business. However, the management is evaluating various options and has entered into one-time settlement agreements with various lenders (as described in note 9), including interest and other related terms and conditions apart from further negotiating the terms with the remaining lenders for settlement of its existing debt obligations. Further the management is in discussions with certain customers for an immediate recovery of the amount due from them and believes that the substantial portion of such trade receivables shall be realized within the upcoming year. Management believes that the Holding Company will be able to settle its remaining debts in the due course and in view of the proposed settlement of debt obligations together with the expected increased realisation from the trade receivables, a new facility from a lender and expected start of commercial production of the biomass-based power generation plants, no adjustments are required in the consolidated financial result and accordingly, these have been prepared on a going concern basis.
- 11) As a result of the nationwide lockdown imposed by the Government of India due to outbreak of COVID-19 pandemic, the business operations of the Group were temporarily disrupted for most part of the previous quarter. Since then, the operations have been gradually resuming in line with the Government of India directives issued in this regard. The management has considered the possible effects that may result from the pandemic on the liquidity position, recoverability/carrying value of its trade receivables, business and other advances and investments as at September 30, 2020. The impact of COVID-19 on the Group's consolidated financial results in future may differ from that estimated as at the date of approval of these consolidated financial results.

3. Basis for Disclaimer of Conclusion

4. a) As stated in note 10 to the accompanying Statement, the Holding Company has incurred a net loss after tax of Rs. 1,410 lakhs and Rs. 2,436.58 lakhs during the quarter ended 30 September 2020 and period ended 30 September 2020 respectively and as of that date, the Holding Company's accumulated losses amount to Rs. 74,911.67 lakhs, which have resulted in partial erosion of its net worth, and the current liabilities exceed current assets by Rs. 7,433.11 lakhs. Also, certain lenders have filed applications with the National Company Law Tribunal (NCLT), Debt Recovery Tribunal (DRT) and other courts for recovery of their dues as detailed in note 9 and 10. The Holding Company has also delayed in repayment of borrowings and payment of dues payable to other lenders including delays with respect to dues payable under one-time settlement agreements, as further detailed in note 9. As confirmed by the management, the Holding Company has been in discussions with the lenders regarding restructuring of these borrowings, the resolution for which is yet to be finalised. Further, the expected realisation of the amounts outstanding from certain customers, within the next 12 months, with whom the Holding Company is in discussions is uncertain in the absence of any confirmations from such customers and potential impact of COVID-19. Such events and conditions, together with the business disruption caused by COVID-19 pandemic and the possible impact of the associated uncertainties on management's assumptions, as further described in note 11, and other matters as set forth in the note 10, cast significant doubt on the Holding Company's ability to continue as a going concern. In the absence of sufficient appropriate audit evidence to support the management's assessment with respect to restructuring of borrowings and availability of funds, we are unable to comment on the ability of the Holding Company to continue as a going concern. Our report on the consolidated financial results for the quarter ended 30 June 2020 and for the year ended 31 March 2020 also included a disclaimer of opinion in respect of this matter.
- b) As stated in note 8 and 9 to the accompanying Statement, the Holding Company has borrowings from certain banks which have been classified as non-performing assets ("NPA borrowings") and those from certain other banks/ asset reconstruction company (together referred to as "the Lenders"). The Holding Company had entered into settlement agreements ("Settlement Agreements") with some of these Lenders for the aforesaid loans. As described in the said note, the Holding Company has delayed payments in respect of the instalments due to these Lenders pursuant to the relevant loan agreements and Settlement Agreements. In respect of the aforementioned NPA borrowings and delayed payments under the Settlement Agreements, the Holding Company has not recognised interest for the quarter and period ended 30 September 2020 aggregating to Rs. 790.01 lakhs and Rs. 1,476.03 lakhs respectively (accumulated interest as at 30 September 2020 being Rs. 4,062.47 lakhs), payable under the terms of the said agreements, as estimated by the management on the basis of expected re-negotiation with the Lenders.

Pending confirmations/ reconciliations from the Lenders and in the absence of sufficient appropriate evidence to substantiate management's assessment, we are unable to comment on the adjustments, if any, that may be required to the carrying values of the aforesaid borrowings and dues (including interest) payable to the Lenders in accordance with the terms of loan agreements and Settlement Agreement, and the consequential impact of such adjustments on the accompanying Statement. Our conclusion on the consolidated financial results for the quarter and period ended 30 September 2019 was qualified and our report on the consolidated financial results for the quarter ended 30 June 2020 and for the year ended 31 March 2020 also included a disclaimer of opinion in respect of this matter.

- c) As stated in note 3 to the accompanying statement, the Holding Company's non-current investment (net of impairment) in its associate company namely AZZ Green Waste Management Limited ("GWM") and its other current financial assets (net of impairment) and its current financial assets-loan which include amounts dues from such associate company as on 30 September 2020, aggregate to Rs. 21,417.21 lakhs, Rs. 423.74 lakhs and Rs. 419.28 lakhs, respectively. The consolidated net worth of the aforesaid associate company as on that date has been fully eroded on account of losses incurred. Further, the associate company is facing liquidity constraints due to which it may not be able to meet the projections as per

Walker Chandniok & Co LLP

the approved business plans. Based upon the valuation report of an independent valuer, arbitration awarded in favor of GWM and other factors described in the aforementioned note, management has considered such balances as fully recoverable. However, in the absence of sufficient and appropriate audit evidence to support the management's assessment as above, we are unable to comment upon adjustments, if any, that may be required to the carrying value of these balances, and the consequential impact on the accompanying Statement. Our report on the consolidated financial results for the quarter ended 30 June 2020 and for the quarter ended 31 March 2020 also included a disclaimer of opinion in respect of this matter.

Disclaimer of Conclusion

5. Because of the significance of the matters described in the Basis for Disclaimer of Conclusion paragraph, we have not been able to obtain sufficient appropriate evidence to provide a basis for our conclusion as to whether anything has come to our attention that causes us to believe that the accompanying Statement prepared in accordance with the recognition and measurement principles laid down in Ind AS 34 prescribed under Section 133 of the Act, and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), including the manner in which it is to be disclosed, or that it contains any material misstatement. Accordingly, we do not express our conclusion on the Statement.

Emphasis of Matters

6. We draw attention to:
 - i. Note 2(a) to the accompanying Statement, which describes the significant estimates and assumptions used by the management for determining recoverable amount of cogeneration power plants classified under property, plant and equipment and capital work-in-progress aggregating to Rs. 2,403.53 lakhs and Rs. 4,374.29 lakhs respectively as at 30 September 2020, with respect to the impairment assessment in accordance with the requirements of Ind AS 36, "Impairment of Assets". Basis such valuation, the management believes that no further adjustment is required to the carrying value of the aforesaid cogeneration power plants.
 - ii. Note 2(b) to the accompanying Statement, which describes the uncertainty relating to the outcome of litigation pertaining to income-tax matters pursuant to orders received by the Holding Company against which management and the assessing authorities have filed appeals with relevant Income-tax Authorities. The final outcome of these matters is presently unascertainable.
 - iii. Note 2(c) to the accompanying Statement, which describes the uncertainty relating to utilisation of input tax credit and levy of interest on service tax. Based on the terms of the contract with the customers/vendors and independent legal opinion, management believes that these amounts are recoverable from the customer including interest thereon and that the Holding Company will be able to avail the input tax credit for aforementioned matter.

Other Matters

7. We did not review the interim financial information of twelve subsidiaries included in the Statement and three branches included in the unaudited interim standalone financial results of the entities included in the Group, whose financial information reflects total assets of Rs. 57,771.75 lakhs as at 30 September 2020, and total revenues of Rs. 8,492.47 lakhs and Rs. 14,480.83 lakhs, total net loss after tax of Rs. 25.67 lakhs and Rs. 99.35 lakhs, total comprehensive loss of Rs. 25.67 lakhs and Rs. 99.35 lakhs for the quarter and six-months period ended 30 September 2020 respectively, and cash flows (net) of Rs.
